AIX  
z/OS  
z/VSE  
IBM i (i5/OS)  
SUSE Linux on zSeries

### Hewlett Packard

OpenVMS  
Non Stop (Tandem)  
Tru64  
HPUX

### SCO

OpenServer  
UnixWare

### Microsoft

Windows 2008  
Windows Vista  
Windows 2003  
Windows XP

### Linux

Debian  
Gentoo  
Red Hat  
SUSE

### Unix

AIX  
HPUX  
Solaris

## OpCon/xps Seamlessly Integrates with Third-Party Applications PARTIAL LISTING

### ERP Systems

SAP  
Baan  
J. D. Edwards  
Lawson  
PeopleSoft

### Credit Union Core Processing Systems

Jack Henry & Associates  
- Symitar Episys  
Fiserv XP2

### Banking Core Processing Systems

Jack Henry & Associates  
- SliverLake, CIF 20/20  
and Core Director  
Fiserv - ITI Premier

### Help Desk Systems

Remedy  
Heat  
Any help desk system  
that accepts direct emails  
or has a command line

### Enterprise Integration Systems

Informatica

### Email Systems

Microsoft Exchange  
Outlook  
Sendmail  
GMail  
Any POP3 mail server

### SNMP Systems

HP OpenView  
Any SNMP monitoring solution that  
can import SMA's MIB

### Backup Software

Veritas Netbackup  
Tar  
Cpio  
Zip  
Winrar  
Any command line driven  
backup program

### File Transfer Software

MoveIT  
Curl  
WsFTP  
WinSCP

### Virtual Machine Technology

VMware  
Microsoft Virtual Server

### PGP Encryption Technology

GNUpg  
WsFTP Pro  
RoboFTP  
PGP command line

### Microsoft Applications

Excel  
DOS  
Powershell (32 bit and 64 bit)

### Scheduling Software

We interface with other  
z/OS Scheduling products

### Unisys Software

Server Sentinel (SPO)  
BIS (Mapper)  
Enterprise Output Manager  
(DEPCON)
