Software & Management Associates™- SMA™ proudly introduces our highly anticipated, managed services-led offering, **EnCompass™**.

SMA's EnCompass™ permits our customers to enjoy a higher level of support and collaborative implementation within a well documented and controlled pricing structure.

SMA's OpCon/xps™ technology is included within the EnCompass managed services program, and delivers industry shaping event driven enterprise wide IT automation that includes job scheduling and monitoring.

Currently EnCompass™ is available exclusively to the financial sector.

SMA's OpCon/xps automates more than 125 credit unions of all sizes. OpCon/xps in combination with SMA's experienced team of credit union automation consultants have achieved near "legendary" status within the credit union community.

Software & Management Associates is a privately owned American corporation headquartered near Houston, Texas. Founded in 1980, SMA has enjoyed a strategically planned global expansion that includes several international divisions and a rapidly growing stable of client partners from every public and private sector imaginable. SMA develops and delivers OpCon/xps the IT industries' leading multi-platform, event driven enterprise automation as well as unrivaled dedication and support to its customers. Please visit <http://www.smausa.com/> for more information.
